

**Burnet County Transportation Plan  
Citizens Awareness Committee  
Meeting, June 18, 2008  
Minutes**

The Citizens Awareness Committee met on June 18, 2008 at the Spicewood Community Center. Those in attendance were George Russell, Steven Williams, Dorothy James, Ted Deyo, Bill Flynn, Christian Fletcher, Kathy Golson, and Jo Karr Tedder.

The Committee discussed the public survey. It was agreed that the survey asked for information needed. The Committee decided that the survey should be placed as hard copies in public buildings (courthouse, city halls, libraries) as well as electronically on the Burnet County website.

The Committee agreed that the summer wasn't the best time to get full input on the surveys. George suggested contacting the school districts to have the surveys go out in the parent packets. It was also suggested that the surveys go out as committee members speak to civic groups.

Bill asked about making presentations and access to equipment. The County has a projector that can be checked out. However, individuals will need to find their own laptops to load the presentation on. It was also agreed that the Comprehensive Plan Steering Committee be informed on the Transportation Committee and provide transportation surveys at their town hall meetings.
