

VENDOR QUESTIONS/ ANSWERS

23-4090-06

1. The required "Statement Signature Form" refers to the "bid" and the "contract" throughout. Since we are submitting a statement of qualifications, not a bid or a contract, should we still sign and include in our response?
2. Would you please confirm that we do not need to include a Conflict of Interest Questionnaire if we are unaware of any conflicts with any Burnet County Official, Employee or Department? Or, should we include the signed form without listing any conflicts?

"Yes" to both. They need to sign and return both forms.

3. I'm also wondering about the Required Forms and a Table of Contents page. I'm finding it difficult to include everything required and be compliant with the page limit.

Our required forms will not be counted in the page limit. We will not count a cover letter, the front and back covers, or table of contents either.
