

Thank you for participating in Burnet County's Recycling Program!

DID

Every aquifer in Burnet county has a local recharge area that is a direct pathway for fresh water & potential contaminants to enter

YOU

1 gallon of used motor oil can contaminate 1 million gallons of fresh water

KNOW

Recycling your waste helps preserve groundwater quality - it is difficult and very expensive to clean contaminated groundwater

Over 50% of the people in Burnet County are dependent upon groundwater for their homes

The mission of the groundwater district is to protect and enhance the groundwater resources of Burnet County. We adopt and enforce rules to protect groundwater users and also to maintain the economic vitality of the communities we serve. To learn more about Burnet County Aquifers and your well, visit www.centraltexasgcd.org or call us at 512-756-4900.

Water is for every Texan.

Every Texan should be for Water.

**BURNET
COUNTY
RUNS ON
WATER**

Burnet county relies on 6 aquifers, and parts of all 5 Highland Lakes. Most creeks & streams start from groundwater.

Rocks Matter: Burnet County's unique geology contributes to a complex aquifer system.

Water is the key ingredient for life in Texas- it's the heart of everything we do. It's the lifeblood of our state.
