

Addendum II
Questions & Answers
RFQ 26-4090-01 Architect Services Facilities Master Plan

1. Would you like all of the forms together in one section of the response? For example, create Section 5 that includes all the forms in the order they appear in the RFQ. **Yes, that would make the submittal more organized.**
2. Please confirm that we may submit the response electronically. **Yes, to bids@burnetcountytexas.org. If submitted electronically no hard copy is required.**
3. When submitting the response electronically, where should we put the ITB label? **You can make it the cover page of the PDF file or however you chose to submit.**
4. Instead of completing the Certificate of Insurance form, may we submit our Accord Certification of Liability Insurance? **You can do whichever you prefer. If awarded we will then get you to submit the Accord Certification of Liability Insurance.**
5. The form on page 32 of the RFQ is about surety bonding. Architects do not take out surety bonds - that is something contractors must have. Do we still complete the form and just put N/A in spaces? **This is our generic BID/RFQ packet, for items that do not pertain to you, please put N/A.**
