

Welcome to the library

June message from The Friends of Spicewood Community Library Board

Library participation and program attendance continue to grow dramatically, reinforcing the need for a new library building to serve our community's future.

With permits now finalized, Phase 1A is ready to begin, including site preparation, grading, and underground infrastructure work.
We anticipate the building slab will be poured in August.

Phase 1B will include construction of the building structure, exterior walls, doors, windows, and roofing.

While Phases 2A and 2B are not yet fully funded, we are making exciting progress toward bringing the new library to life. Approximately \$962,000 is still needed to complete the project.

Excitement for the new library building continues to grow, with several fun community events planned to help move the project forward!

Upcoming fundraising events include a Community Fajita Dinner on June 6 at the Spicewood Community Center, along with tentative plans for a future slab party to celebrate construction milestones together.

Many thanks to those who supported the library through the recent Mah Jongg tournament and the May Yard Sale!

Our brand-new public computers are now ready for patron use! We are incredibly grateful to the Ladd and Katherine Hancher Library Foundation

for making this exciting upgrade possible through their generous support.
